When I first signed on to the website I found it friendly to new visitors. Once I enter into a bingo room everyone was so friendly and helpful. A great group of people to spend my bingo time with. Try it here! You will love it!

The first thing that popped in my mind, was that this guy from Bingo Knights looks remarkably like Burt Reynolds. Because I like that actor I tried the Bingo site too and it impressed me because it has a great interface, welcoming people and nice colours. Try this Bingo site because it has great bonuses and fun and helpful roomies.

I've tried this bingo site and I can say that I was satisfied with all that it offers. If you join this bingo site you can enjoy good graphics, huge bonuses and a lot of potential friends in the chatting room. If you are a "knight" at bingo bingoknights is your place.

Knights Bingo is my favorite online Bingo hall because I had so much fun around here and I've won some pretty good cash prizes. The thing that made me try this website was the 300% bonus on first deposit, if you don't believe me that this is one of the best bingo websites try it because of the bonus like me.
